VanGuard™ Replacement Cartridge

Built-in Flash Arrestor Retro-Fit Kit

The retro-fit kit allows replacement of built-in flash arrestors for cutting torches without the use of loctite or heat.

ORDERING INFORMATION

Part Number	Model/Description
0656-0046	Includes oxygen and fuel cartridges, retainer plate and screws, hex key, and instructions

Note: For use with **ST 2600FC**, **ST 1000FC** & **ST 900FC** Straight cutting torches.

The Check Valve Prevents the reverse flow of gases.

Disk assembly seals tight against seat in event of reverse flow. Spring compresses under normal flow, moving disk assembly forward and allowing gas flow.

The Flashback Arrestor Prevents the reverse flow of gases and flashback.

Threads for connection to torch or regulator. Seating cup. Stainless-steel sintered filter acts as a flame block.
